- Day 1 : Introduction & Model Preparation
- Day 2 : Meshing & Simple Flow Analysis
- Day 3 : Heat Exchanger Analysis & Simple Transient Flow Analysis

## Training Schedule For 5 Days

- Day 1 : Introduction & Model Preparation
- Day 2 : Meshing
- Day 3 : Simple Flow Analysis & Mixing Tee
- Day 4 : Sliding Mesh Analysis & Heat Exchanger Analysis
- Day 5 : Simple Transient Flow Analysis & Species Combustion

## Training Schedule For 10 Days

- Day 1 : Introduction & Model Preparation
- Day 2 : Meshing
- Day 3 : Simple Flow Analysis & Mixing
- Day 4 : Heat Exchanger Analysis & Periodic Flow
- Day 5 : Turbulence – Theory With Examples
- Day 6 : MRF & Sliding Mesh Analysis
- Day 7 : HVAC & Species Combustion
- Day 8 : Airfoil & Simple Transient Flow Analysis
- Day 9 : Solidification & Melting Analysis
- Day 10 : FSI Analysis
